

FA Respect & Fair Play Awards 2014/15 - Best in County

We are proud to announce that the Birmingham Football League has been awarded the Bronze award from the Football Association as the Best Respect League in the Birmingham County.

This is in recognition of “our commitment to offer participants, referees and spectators an experience of football which is fair, safe and enjoyable”.

The League will now be considered for the regional (Silver) award and if successful will be judged by an FA panel for the top Gold award in the Country.

Credit is due to the clubs, managers, players and officials within the league whose behaviour and attitude has highlighted us as such a fair and safe league.

We are pleased to be given such a prestigious award and it shows our commitment to providing the best environment for grassroots football in the area.
