

LEAGUE STANDARDS GUIDELINES

The Birmingham & District Football League expects :

- all clubs to be properly administered, to maintain good and proper standards of administration and to comply with the Birmingham & District Football League rules; and
- all clubs, and their officers, managers, coaches, players and spectators, to maintain the highest standards of behaviour, in the interests of the laws and the spirit of the game of Association Football.

In order to maintain the reputation and standards of the Birmingham & District Football League, the Officers and the Management Committee monitor club administration and behaviour. Clubs deemed not to be maintaining appropriate standards of administration or behaviour may be called to attend a League Standards Committee meeting, with a view to reviewing their administration or behaviour and giving advice on how their administration or behaviour may be improved.

Should a club be called to a League Standards Committee meeting, the club may be charged an Administration Fee, to cover the costs of arranging League Standards Committee meetings.
